

## ASF Annual Club eSoaring Open 2018

Hello everyone,

After requesting we all arrive for a 10:30 start we were actually able to get underway by just after 10:00 so thank you all for that.

The competition was run to eSoaring rules and 6 rounds were flown to allow for a discard, 14 slots being required with the entry of 7.

On the day the weather was extremely hot so the early start allowed us to finish at around 14:00 still very hot but cooler than it would have been had the competition gone on later. Most slots were flown out and if you got into some of the thermals it was close on frightening, they were so strong. On one of my slots I had my crow brakes deployed with a fair bit of down elevator for around 3 – 4 minutes of the slot! The sink if you found it was equally strong so you had to get out of it fast or your time would be ruined.

All in all a very good days flying, the final checked scores are attached.

**Regards**

**Terry**

NAME	ROUND 1	ROUND 2	ROUND 3	ROUND 4	ROUND 5	ROUND 6	TOTAL	Best 5	POS
